BACKGROUND STORY -

Since the Introduction of cat litter in 1940's through the development of Clumping cat litter in 1990's many of the aspirations / needs of our Feline friends and their caretakers remained unattended . Realizing the above scenario ASHAPURA ventured in this category in the mid 1990's introduced unprecedented Ultra cat litter . Overwhelming response and following factors contributed to the Launch of Pura Range in 1999 by Ashapura Exports, a unit of ASHAPURA GROUP, accredited with ISO

PVRA

OTHER LITTER

The less absorbent litters don't readily absorb urine, so it pools at the bottom of the box. From there it evaporates in to the air as an odorous gas or it acts as a host for odor generating bacteria.
